

Pam Sverdlin

Currently waiting patiently for the delivery of our first child.

Aperture Aviation ,Production Manager
Co-President, San Francisco Bay Area
Women in Aviation
Aircraft Dispatcher Certificate

Aero Club of Northern California helped me in paying for tuition at San Jose State University, however, I received far more than just a scholarship.

The scholarships I've received have inspired me to create one of my own. The Changing the World Scholarship was created through Women in Aviation International helping six individuals with their aspirations.
